The 4th annual Apprenticeship Career Connections Fair, hosted by the Peel Halton Workforce Development Group (PHWDG), will be held Wednesday, March 28, from 9am-4pm, at the International Centre (Hall 5) in Mississauga.

Anyone interested in apprenticeships and careers in skilled trades are invited to attend.

Exhibitors come from leading Ontario colleges and training centres, unions, associations, and skilled trade employers, says Shalini da Cunha, executive director of PHWDG.

Experts say there is already a shortage of 50,000 skilled trade workers in Canada — and this number is estimated to surge dramatically to a million new skilled trade workers by 2020.

Since its inception four years ago, the Apprenticeship Career Connections Fair has received exceptionally positive feedback from its visitors and exhibitors.
